

QUALITY POLICY

The management of AMTP ROMAN SA undertakes to implement and maintain in the organization this policy in the field of quality that is appropriate to the purpose and context of the organization and supports its strategic direction.

Our main aim and concern is to fulfill the requirements and expectations of our customers by providing high quality products promptly.

In order to achieve this objective, the management of AMTP ROMAN SA is committed to:

- to maintain and improve the Quality Management System, in accordance with API Q1 ed 9: 2013 and ISO 9001: 2015;
- to comply with the requirements of customers and other interested parties, applying the provisions of the specifications, standards and legislation in force;
- to establish objectives regarding the quality of the products that we measure, monitor, evaluate and maintain;
- to ensure the continuous increase of customer satisfaction by offering products with a high degree of complexity;
- to maintain a good collaboration with suppliers of raw materials, materials and services;
- to ensure the communication, understanding, analysis and application of the policy at all levels of the organization;
- to provide resources to ensure quality objectives;
- to continuously encourage employees for professional development through training and the creation of a stimulating environment for this;
- to orient employees towards awareness of the importance of quality;
- to ensure the operation and continuous improvement of the effectiveness of the Quality Management System.

CEO,

Eng. Toma Cosmin
