

We manufacture welded precision steel tubes: rectangular, square and round, as well as custom profiles.

Since 1960 SRW has been the ideal partner for sophisticated and high-quality tube products, resulting from our vast experience, the know-how of our employees and modern manufacturing technologies.

ArcelorMittal Tubular Products Altensteig GmbH

MANUFACTURING PROGRAM

DIN EN 10305-3/10305-5

STANDARD PROFILES

CUSTOM PROFILES

WALL THICKNESS 1 to 5 mm

STEEL GRADES & QUALITIES

DEEP DRAWING STEELS

DD11 to DD14

STEELS WITH HIGH YIELD STRENGTH

S280MC to S460MC

STRUCTURAL STEELS

S235/S275/S355

COLD ROLLED STEELS

DC01 to DC05, HC260LA to HC420LA

FINISHES

Unpickled, pickled, cold strip

EDDY

CURRENT TESTING
All dimensions

INSIDE WELD REMOVED

All pickled dimensions from inside diameter 16 mm

TELESCOPABLE

Almost all dimensions

QUALITY AND SERVICE

CERTIFICATION DIN ISO 9001

STOCK

All common dimensions always available

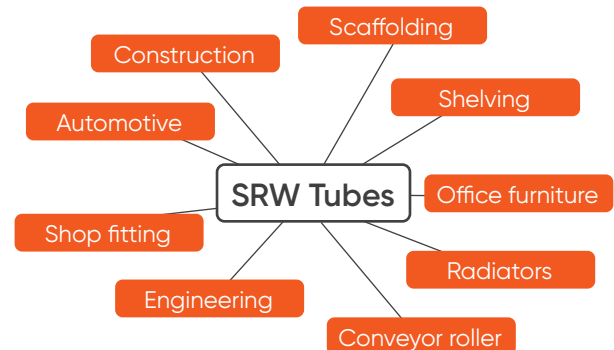

PROCESSING

- Cut-to-length from 30 to 4500 mm
- Length tolerance +/- 0.2 mm
- Brush deburring, washing
- Miter cut and special bundling possible
- Packing according to customer requirements

DELIVERY

- Small quantities possible
- Worldwide delivery
